

Three outrageously fun, homemade dog toys.

From the editors of
DOGFANCY

Ridiculously Easy

If you have an extra sock lying around, or one that has lost its partner, try stuffing an old tennis ball into it for an on-the-spot tug toy.

Outrageously Fun

Put a handful of kibble in an empty plastic bottle and poke a few holes into it. Your dog will have a great time trying to get each morsel of his treat out. We can bet you'll have a fun time watching him too!

Incredibly Cool

Turn an old, worn-out T-shirt into a fun new tug toy in minutes! Cut the T-shirt into strips. Braid the pieces together and tie off the ends.
