

## Possibility of Mold Prompts Dry Dog Food Recall

**Wysong recalls several maintenance and senior dry dog food varieties.**

Posted: October 16, 2009, 5 a.m. EDT

Wysong Corp. of Midland, Mich., has issued a limited recall of select dry dog foods due to increased moisture levels and the possibility of mold.

The products are: Wysong Canine Diets Maintenance: lot numbers 090617, 090624, 090706 and 090720 Wysong Senior: lot number 090623

A couple of cases of diarrhea have been reported, but they have not yet been directly linked to the pet food, according to a company representative, adding that they will continue to look into the matter.

In the meantime, a notice on the corporate website has asked pet owners not to feed any of these Wysong products to their pet.

Pet owners can contact Wysong for product replacement or return or exchange the product at the store from which it was purchased. Credit will be issued via the company's distributors to the retailer.

To contact Wysong, e-mail [wysong@wysong.net](mailto:wysong@wysong.net) and write "Product Replacement" in the subject line.
