

Walter the Farting Dog Goes to Sea

A new installment in the popular children's book series hits stores.

The sea will never be the same.

In *Walter the Farting Dog Goes on a Cruise*, the latest installment in the popular line of children's books, Walter takes his first cruise. But when a mysterious odor overtakes the ship, Walter is unhappily banished to a trailing lifeboat. Then the main ship loses power, and it's Walter's chance to save the day.

The *Walter the Farting Dog* series is co-written by William Kotzwinkle, the creator of *E.T. the Extraterrestrial* and *The Fat Man*.
