

## Comfort Zone Offers Perks for Dogs at Work Day

**Winners of an online photo contest and three registrants will win prizes for the event on June 20.**

Posted: June 11, 2008, 5 a.m. EDT

Pet Sitters International of King, N.C., signed Comfort Zone with D.A.P. as the title sponsor for its 10th annual Take Your Dog To Work Day, scheduled for June 20.

As part of the sponsorship, Central Life Sciences Companion Animal Health Brands will offer a free sample of Comfort Zone with D.A.P. Wipes to dog owners who register their planned participation at [www.takeyourdog.com](http://www.takeyourdog.com). Three registrants will receive a Comfort Zone with D.A.P. prize pack.

In addition, winners of an online photo contest are eligible to win gift packs and cash prizes. The contest runs from June 1 through July 31, and winners will be notified in August.

“Take your Dog to Work Day was two fundamental goals — celebrating the great companions dogs make and encouraging individuals to adopt pets from local shelters and rescues,” says Patti Moran, president of Pet Sitters International. “We see the Comfort Zone brand, with its focus on creating a harmonious environment for pets and their people, as the perfect complement to the 10th-year celebration of our international day for dogs.”

Comfort Zone with D.A.P., along with its sister cat product line Comfort Zone with Feliway, is a synthetic pheromone product designed to calm animals and reduce fear- and stress-related behaviors.
