

Anti-Flea Biscuits for Dogs

A homemade dog treat with the added benefit of flea control!

Ingredients:

2 cups unbleached white flour

1/2 cup wheat germ

1/2 cup brewers yeast

2 cloves garlic, minced

3 tablespoons vegetable oil

1 cup chicken or beef stock

Baking Instructions: Combine the flour, wheat germ, and yeast in a bowl. Mix the oil and garlic and slowly add to flour mixture, alternating with the chicken or beef stock. Continue until all the ingredients are incorporated into a smooth dough. Roll out on a lightly floured surface until 1/4-inch thick. You can do this in batches if you're not used to working with dough. Use a 2-inch-round cookie cutter to cut into biscuits. Place biscuits on a greased cookie sheets and bake at 400 °F for about 20 to 25 minutes or until browned. Cool in the oven and leave for a few hours to dry out.
