

Dog Gifts that Say 'Welcome!'

Make your new senior dog feel welcome.

The top four things you can do to make your new senior dog feel at home: 1. Prepare a place all his own, perhaps a crate with the door off or a comfy dog bed in a quiet corner that he can retreat to for rest and security. 2. Make it easy for him to stay hydrated by placing sources of fresh water in a few convenient places. 3. Are you using a new name? Give attention or a treat when you say it. 4. Escort the dog to his elimination spots frequently a minimum of four times daily.
