

Ask the Vet About Dogs: Vaccines

Find out what a vet recommends regarding vaccines.

Leslie Sinclair, DVM

Vaccinations are another part of your dogs routine health care, and your veterinarian should be your partner in determining how to provide regular maintenance for your dog. As we learn more about the canine immune system and how it responds to vaccination, it becomes necessary for veterinarians and owners to work together even more closely.

Select your area of concern:

Reaction to vaccines Titer tests Vaccination frequency Note from the Vet
